WEBSITE ADD-ON
ADA
COMPLIANCE

For people who are blind, colorblind, have other visual or motor impairments or conditions like epilepsy, websites can be a challenging space to navigate.

Guests will be able to select the handicap icon to open a menu interface that allows them to customize the way they view and experience your site. They can enlarge text, change the font or spacing, change the site colors and also turn off site animations.

One-time setup fee of $300+*
Annual subscription $490

Setup costs may vary depending on size of your site
