

GOOGLE-FRIENDLY JOB LISTINGS

Show up on top when job-seekers search for opportunities near them. We'll take care of everything Google requires.

\$1325 ONE-TIME SET UP INCLUDES:

- Installing a new system within Wordpress* for your job listings (*only available for Wordpress sites at this time*)
- Building a Landing Page that links to individual listings
- Creating a Job Posting template that includes the data Google is looking for
- Updating your sitemap via the Google Search Console
- Adding 3 Job Listings for up to 2 locations to your site following Google's rules, then it's up to Google to do the rest! More than 2 locations? Ask for pricing.

Need new Job Descriptions?

We can write them for you! \$225/each includes writing and posting with your new system.
